

12/1 Reading Assignment. Notice on final exam.

This is the final research project. The reading assignment quiz will cover the two sets of teamwork essays on research project findings, [part I](#) and [part II](#).

The final exam is scheduled for 8-10 AM, Wednesday, 12/17 in our classroom. Notes and course materials are not permitted during the taking of the final exam. The study materials are all the quizzes (including extra-credit ones) in "Coursework." 120 minutes worth of questions will be pulled directly from those quizzes. (Currently, we are at about 32 of those.) The answer keys, as you know, are all provided for you. Therefore, all you need to is review them repeatedly. That's it. No mysteries about what you will be tested on. The questions are drawn directly from all quizzes.
